David Gordon has been in touch with some photos of a lovely carousel made for the Grandkids. You can view the photos here: <https://www.borderwoodturners.org.uk/gallery/members-work/category/23-david-gordon>

Emma Cook: Tiny Turner

I'm sure many of you will know and have seen Emma demonstrate and be familiar with her superb carved work. Well, Emma is starting to do interactive remote demonstrations and I am sure we will all want to support her in this. You can catch Emma on her Youtube Channel on Saturday here:

<https://youtu.be/fBUZ36rrN-c>

I'm sure she'll be happy to see you and give you some more details on upcoming demonstrations.

See Jimmy Clewes Free!!

OK, now I have your attention! You may remember Pat Carroll who visited the club just prior to lock-down. Well Pat is running some Sunday night Zoom sessions which are free to attend.

The session this Sunday is going to feature Jimmy Clewes who I'm sure will put on an entertaining session. To book into the session please send an email to meetthewoodturner@gmail.com

Pat Carroll: Erosion Series

Whilst we're on the subject of Pat then I will point you to the upcoming demonstration he is offering on his website.

Pat is going to show us how he achieves the effects in his stunning Erosion Series pieces (see image). The demo is on the 12th of July and it priced at 10 euro - thats about the price of fish and chips.

You can book in on Pat's website here:

Andrew Hall: Update

Following on from the tour Andrew gave us a few weeks ago on the club Zoom session.

Andrew has produced a number of videos for Record Power and these are being released on the Record Power YouTube channel.

You can find the videos here:

As soon as Andrew releases more information about upcoming remote demonstrations it will appear in our newsletter

Please don't leave registration until the last minute or after the start of the session as you may not get in.

- The AAW virtual symposium is still available so you can nip over and sign up if you haven't already done so. You can find out more information here:

- I'd like to say thank you to Ian Forster for the splendid session he gave us last week on Zoom. I think I can say that everyone enjoyed it and I think we are all looking forward to seeing those 100 boxes in 100 woods!!

Whilst we are thanking people I think it would be appropriate to say thanks to one of the Border Woodturners members who is working pretty hard behind the scenes to ensure that members who are unsure of the technology are getting some help. So a big thank you to Brian Conchie.
